Happy Summer to everyone!

June is Membership month so let's all do our best to invite prospective members to the social on the 14th. There will be swimming, hula hoops, water gun fights, other games and prizes, as well as a Fajita dinner sponsored by some very generous members.

It's been 22 years since HCWIB was founded. We have many new members that would love to know more about the history of our organization therefore in combination with our membership drive, we will also be honoring HCWIB Charter members and Past Presidents. Join us in expressing our appreciation to these remarkable women for all they've done for HCWIB and the community!

If the laughter and sound levels were any indication, I'd say the May luncheon was a huge success! Ladies, you do

love to network and it warms my heart to see so much merriment in one place. It's especially rewarding to visit with those of you that are unable to make the evening meetings and to hear how pleased you are that we offer lunch meetings once a quarter. Also, special thanks go to Shari Keyes for making all of the arrangements.

Remember prospective members are no charge at the June meeting so call Shari Keyes with reservations for you and your guest, and get ready for an entertaining "kick off" to the summer season. Come join us and have some fun!

See you soon,
Carolyn

Christian Women's Job Corps

By Leah Coyne

Tuesday, May 15th, nine CWJC graduates, stood in front of a crowd of friends, family, alumni, volunteers and well-wishers to comment on just what their last twelve weeks meant to them. There were tears, laughter, and a lot of hugs in the First Baptist Church sanctuary. Some of these women started their new jobs the very next day, some are interviewing, some continue to find their niche.

On August 27th, the Fall Class of 2007 begins with yet another group of ladies who have made a commitment to a twelve week program in order to change their lives for the better. If you know of any female that might need "a change of direction" or if you are feeling a nudge to help someone, somewhere, sometime, visit www.cwjckendallcounty.org and click on "Applications".

A HUGE thank you to all that volunteered in any way during the Fall 2006 and Spring 2007 Classes. I am honored to be affiliated with such a dynamic group of business women. You never know what even the smallest gesture may accomplish.

Members on the Move

Cynthia McKenna, LPC, NCC, Counseling and Life Coaching, will be presenting a workshop, "Secrets to finding and keeping a good relationship" Wed, June 13th 6:30pm at Northside ISD, 110 NLC Classroom B 104 6632 Bandera Rd. Cost: \$15. <http://www.nisd.net/ace/> Contact Susie Underwood 210-397-8100

Kay Ochoa, Hill Country Tutoring Services, spent May 18-19 at the Family Educators' Alliance of South Texas Book Fair and Convention in San Antonio. The workshops focused on teaching mathematics and creative writing. Kay returned to Boerne with great ideas for her summer program including using literature to encourage student writing and using specially designed manipulatives to help students "see" the concepts behind algebra.

Rodda Yates-Dunham, Yates and Associates Insurance Agency, is celebrating one year in Boerne. The office has moved to a new location with more space at 926 East Blanco.

Member in the Spotlight Phyllis Baacke, Premier Designs 830-331-9013

Phyllis Baacke has a fun job! She teaches women how to accessorize their wardrobes and she's an independent distributor for Premier Designs high fashion jewelry. "Our image speaks volumes about us, but many people need help in understanding the basics of a polished look. Looking stylish has nothing to do with dress size, height or weight. It's about being the best 'you' you can be! Investing a little time in how we 'package' ourselves makes a big difference."

Several years ago Phyllis was thinking about how she wanted to spend the rest of her working career. She worked in corporate America most of her life, and it just wasn't fun any longer. One thing she knew for sure is that if you do the same thing, you get the same thing and she knew she wanted something different. About that time, a co-worker invited her to a jewelry show at her home. "After hearing the presentation, a whisper told me that I should do this business. Never in a million years did I ever think I'd do something like this- I didn't wear jewelry other than a ring and a watch, so this was a real stretch for me."

"I love having my own business, being my own boss, serving my customers and sharing the business opportunity with others so they too can have their own business. I've been in this business for four years and for the last year I've lived in Boerne. This was truly a leap of faith moving from Houston to Boerne, and I have met many wonderful people in the Hill Country and my business continues to grow."

Phyllis offers in-home jewelry shows for you and your friends, personal consultations to help you understand the importance of accessories in your wardrobe and office showings during a lunch hour.

You can receive hundreds of dollars of free jewelry; just for having your own private showing...it's easy and fun! She would love to get to know you and help you with any of your accessorizing needs, including sharing the business opportunity available through Premier Designs. If you would like more information, please contact Phyllis at 830-331-9013.

Listen to the PROs

Business tips provided by our own HCWIB members!

Research shows that, in general, women make better investors than men! The reasons are that:

- They seek good information
- They follow good advice
- They DO NOT take action when uncertain
- They make financial decisions with their head, rather than their heart

Women often "sense" financial danger (ie feelings) while their male partner continues to be overly confident or unaware of "the facts". This often prompts them to get better information. While this is not ALL women, it is true often because women understand that they will outlive their husbands, and that we run out of money at the END of retirement, hopefully not the beginning.

Happily, mastering money is MUCH easier than being a mom, teacher, nurse, executive or business owner. The greatest problem is selecting a reliable source and understanding that, as women, we are very well equipped to Master Money.
